

Brian Clegg offers a comprehensive range of paint and ink products based on safe and high quality raw materials, specifically developed for nursery, primary and secondary education. All products are designed to exhibit the following features:-

- ▲ Attractive and intense colours
- ▲ Excellent flow and handling characteristics
- ▲ Superior washability where required
- ▲ Reliability and consistency

‘Real art products designed for the young user’

Brian Clegg products comply with all relevant legislation such as REACH and the Toy Regs EN71.

Brian Clegg offer an extensive range of adhesive products suitable for all art and craft techniques; from simply sticking, to papier-mâché, to advance art mediums.

- + **Blue Label Washable PVA Adhesive:** Developed for younger children and specifically formulated to wash extremely easily from clothes, brushes and work areas even when dry

Glue Applicators

Collage & Modelling Materials

Brian Clegg recognises collage and modelling work to be an important part of a child's development, enabling children to express their individuality and imagination.
