

GONGE

Physical

Cognitive

Social

Gonge product make children move. But more than that, they also make them Learn & Develop in Creative Way.

BUILD N' BALANCE®

PLAYING SAFE

Gonge products are carefully designed and constructed in selected materials, complying with the highest international safety standards.

LEARNING TO INTERACT

Gonge lets children play and move together. So not only do they develop their ability to move and balance, they may also learn to be and interact with others in a group.

DEVELOPING STRENGTH AND CONTROL

Spinning, moving and using the body with Gonge strengthens muscles and body control, while challenging balance and stimulating the senses.

SHARPENS THE SENSES

Gonge challenges attention, perception, thinking and planning. All are important functions for learning.

**Sensomotoric exercise system for balancing reactions and motor control.
