

Bee-Bot

Award winning programmable floor robot, the Bee-Bot's simple and child friendly layout is a perfect starting point for teaching control, directional language and programming to young children.

- Robust and small design
- Clear and bright buttons
- Memory of up to 40 steps
- No confusing degrees to program
- Sounds and flashing eyes confirm your instructions
- Fantastic cross-curricular resources also available
- Moves accurately in 15cm steps at a time and turns in 90°

Requires: 3 x AA batteries (Not Included)

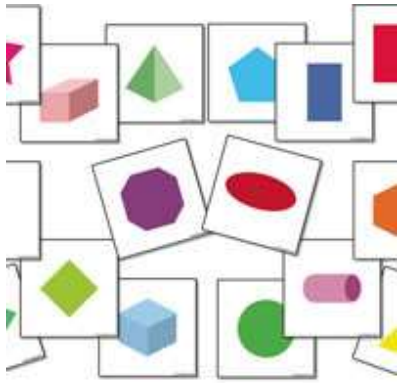

Bee-Bot Wins Gold Award at Practical Pre-School Awards Ceremony

Bee-Bot Starter Pack Everything you need to hit the ground running with Bee-Bot.

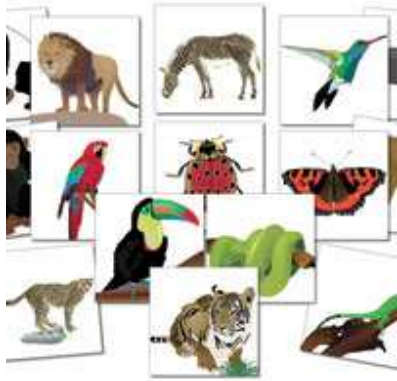

Pack includes: • 1 Bee-Bot • 1 Rechargeable battery unit complete with 4 x AA batteries • 3 activity mats; Treasure Island, Busy Street and Transparent grid • 1 set of 49 sequence cards • 10 white clip-on shells.

A range of materials guaranteed to keep you busy for hours, planning routes and courses and creating your own mat designs.

Bee-Bot Shape And Colour Cards

Help children to develop recognition of shape, colour and size with these great Bee-Bot cards. Varied shapes (including some 3D) and colours mean children can develop their maths skills along with their control skills. 15 cards, Size: 15 x 15cm.

Bee-Bot Jungle Cards

Send Bee-Bot on a wild adventure with these new Jungle Cards. Children can use the cards to develop their understanding of the creatures which live in different parts of the world, their habitats, and life cycles. 15 cards, Size: 15x15cm.

Sequence Cards

Help pupils to organise the route sequence! This pack of durable, laminated A5 sequence cards is ideal for assisting in program planning and recording. The bold and colourful layout makes these cards perfect for front of class work. Pack contains 49 cards.

Transparent Bee-Bot Mat With Pockets

An extension of our highly popular transparent range, use this flexible pocketed mat to insert any of our pre made cards such as Fairytale, Fruit & Veg or Rosie's Walk tiles. Alternatively you can create your own to retell a favourite story or support any cross curricular topic.

Snake N Ladders Mat

This traditional board game has been adapted to be used with up to 4 Bee-Bots.

Using their Bee-Bot as their board counters, the children can use programming and sequencing skills to move up the ladders and down the snakes. Includes large dot dice. Size 75 x 90cm

Tuff-Cam

As a direct result of your feedback, TTS is proud to present you with our latest 12MP digital camera with video. Packed with much more functionality, especially for education:

- Now fully rechargeable (Rechargeable Li Ion battery)
- Familiar rugged design (created by teachers)
- Bigger 2.0" high quality TFT screen
- Up to 12 mega-pixel (4032x3024)
- Flat base to enable stop frame animation without a tripod
- VGA video at 20 Frames Per Second
- 64MB internal memory which can be expanded up to 2GB via SD card
- Switch adaptable and AV socket
- Audio and video recording and playback
- Docking station for simple PC connection
- Simple trigger for taking pictures and shooting video
- Download files to PC or Mac

Easi-Scope

Practical Pre-School Silver Award Winner 2009

Shortlisted for an ERA Award 2009 - Secondary Resources and Equipment - using ICT

Be amazed by how easy to use our new hand held digital microscope is. This simple plug and play device attaches to your computer via USB and includes its own LED lighting system.

Simply hold the Easi-Scope over the object, focus by turning the top then take videos or still images using the single control button at up to x43 magnification (using a 17" monitor). Size: 73 x 50mm

Easi-Speak

Winner ERA Award 2009 – Innovation

Winner of a **GOLD** Practical Pre-School Award 2008

With our new Easi-Speak MP3 microphone/recorder you can record voices, sounds or music on the move. Attractively designed as a microphone children can be the roving reporter or singing star, without being attached to a PC.

- Easi-Speak lets you record directly into the microphone
- Playback remotely or download your files straight to your PC through the attached USB
- 128MB built in memory that can record up to 4 hours (high quality sound)
- Downloaded files are WAV or MP3 format
- Audacity Music Editing Software is provided as file on the Easi-Speak
- Built in battery charged through USB.

Easi-Speak Sound Station

This great audio device lets you connect via the Easi-Speak headphone socket and play back your contents to a group or classroom.

- 6 Headphone sockets
- Built in rechargeable battery
- Portable and wireless
- When fully charged battery will last for 2 hours
- Integrated volume control and red LED power indicator

The Sound Station is fully rechargeable and portable with its integrated handle and is ideal for outdoor use. The sleek design is colour co-ordinated to your Easi-Speak and will brighten up any primary setting along with six headphone sockets for children to listen without interruption. *Easi-Speak not included.*

Easi-Listener

No more messy splitters just easy listening with our 6 port multi-listener CD player.

- CD, CD-R and CD-RW player
- AM/FM radio
- 6 built in headphone sockets
- MP3 input socket
- High-resolution large LCD display
- CD programmable playlist
- Works off 8 C type batteries (not supplied) or supplied mains adaptor.

This high quality CD player comes with built in connections for 6 separate headphones so groups of children can listen to music and stories without interruption.

The high power speakers also make it ideal for class activities.

- Develop speaking and listening skills
- Understanding instructions
- Ideal for use with Primary Foreign Languages
- Group or individual learning
- Extended schools
- Develop language skills

The ideal amphitheatre to create your everyday dramas!

This 94cm diameter world with 'plastic walls' will prove an invaluable host for many other activities in the classroom, including wet and messy play.

Playground Active Worlds Mat

Where will you play first? In the paddling pool, sandpit on the climbing frame, slide, swings or roundabout..or maybe it's time for an ice cream.

Children will love this. You could add a playground set, dolls, sand, coloured sawdust, grass matting and iridescent shred to really set the scene.

Ideal for group play and for investigating local objects in your area. Fits snugly into our Active World Tray. Size 860mm.

Active World Transport Mat A world of transport to keep busy cyclists, pilots, sailors etc entertained.

- Travel along the busy roads stopping off for fuel.
- Catch a train at the station.
- Visit the airport, the helipad and even go flying in a hot air balloon.
- Sail on the pond.

An engaging mat that helps focus road safety advice. Use wet and dry materials for a multi-sensory scene. Mat size 86cm sq. Made from wipe clean PVC.

Active World Mat - Animal Park

Enter the park and meet Elephants, Monkeys, Birds, Zebra and other animals from all over the world. Simply place the mat in the Active World tray (builder's tray) and add materials for a realistic scene. Put ice cubes and water for the penguins or mini trees for the birds or giraffe to sit or feed upon. Whether using stones, fabric, leaves etc, a multi- sensory microcosm can be created. A plastic wipe surface, rolled for storage.

Aw Baby Mats/Texture Mats - Set Of 4

Babies and Toddlers will love the feel of these double sided mats. We've included a range of colours and textures to delight. We have a yellow towelling mat, a black and white 'zebra' mat (one side spotted); a shiny shimmer mat (one side with a fleecy flower pattern); a fleece (one side reinbow spotty). Styles may vary. Mats are washable and fit snugly into the Active World Trays. Set of 4.

Ultra Slim Light Panel

Explore natural and man-made objects or create illuminated displays on the wall with this ultra-slim light panel. Designed with a plastic surround, it is lightweight and highly portable. The panel has a removable protective cover and has an illuminated area of L40 x W30 x D3cm. Weight 1.5kgs. Supplied with 12V mains adaptor and lead.

Chatter Block **BETT Award 2010 Finalist!**

Take a spin and have a chat with this brand new addition to the Talk-Time range!

- Simply roll the ball on the floor or table to hear the message you have recorded on the side that finishes uppermost messages.
- Chatter-Ball is a great product for creating stories, sequencing, sound effects and even as a talking dice. There are six recordable sides, each with a clear pocket to add your own pictures or words.
- Simply record a different message into each side and then activate your recording by either pressing the play button on the relevant side or rolling the ball.
- Ideal for use with special needs children.

Attention Tracker **BETT Award 2010 Finalist!**

This simple device is easily operated by the teacher though remote control and allows children to self monitor their behaviour.

Teachers or children can set the task time, 15, 25 or 40 minutes, the count rate 10,20, or 30 seconds, and then the attention tracker will count up or down appropriately, using the red, amber and green lights to indicate how far through the time the children are. Teachers can add or remove time if required.

A great resource for children with ADHD and for supporting all students in extended desk driven tasks.Requires 3 x AA batteries.

Size H 11 x W 12 x D 12 cm

A4 Recordable Thought Cloud

Encourage children to practise their writing skills and record messages.

Children will love putting words into someone else's mouth or imagining what their favourite character might be thinking. Records up to 10 seconds.

Write on wipe off surface using dry wipe marker pens. Size 21 x 29.5 cm

A4 Recordable Speech Bubble

Our recordable speech bubble just got bigger! Taking onboard feedback from teachers and advisors we have developed a larger recordable speech bubble. Records up to 10 seconds. Write on wipe off surface using dry wipe marker pens. Size 20 x 29.5 cm

Talk Time A4 Card

These cards contain a voice recording chip - simple record and play operation.

- A4 size
- High quality recording
- 10 seconds voice or music
- Great for wall posters

Talk Time Small Card

These cards contain a voice recording chip - simple record and play operation.

- 50mm plastic pocket • High quality recording • 6 seconds voice or music • Great for language and phonics • 75 x 75mm

Talk Time Postcards These postcards contain a voice recording chip - simple record and play operation.

- Slot any pictures in the plastic pockets from numbers to animals and record your own 10 second message.
- Small - ideal for phonics work with a high quality 6 second chip.
- The record button can be hidden if required. Simply take a photo of your display or model and record some information about it!

Recording Pen Don't just talk about it - write about it!

Record for 6 seconds into the recording pen.

- Latest addition to the Talk-Time range
- Ideal to use in listening and writing activities
- 6 seconds recording
- A great tool for reluctant writers
- Useful ballpoint pen
- Speak a phrase then write it down
- Verbal instructions for what to do
- Simple, easy and fun

Recordable Puppy

This puppy teddy has a six second voice recorder inside it which is perfect for helping improve early years speech. Children can record their own messages into the puppy and play them back. Puppy measures 16cm in length and is made from 100% cotton.

Giant Polydron

Giant Polydron is the NEW SENSORY CONSTRUCTION product from Polydron. It encourages children to make and recognise 2 and 3 dimensional shapes as well as an "awareness of shape and texture". Pieces are marked on one side with raised detail to help children recognise different shapes. In addition the inner edge has Braille markings saying Triangle and Square, which assist in the understanding of alternative forms of communication. The pieces are large and easy to handle both for the indoor and outdoor environment.

Playground Pack - Ks1

A Key Stage 1 playground pack with enough equipment to occupy at least 40 children with 8 different activities - represents great value for money! Scoopers (6), Playbats (10), Hydrocatch, Ankle Skips (6), Koosh Ball - set of 3, Stompers, Coloured Marble Playballs (pk of 12), Tennis Balls (12), Action Talk Ball and a Mesh net.

Emotion Balls

Six brightly coloured balls showing different emotions (happy, sad, excited, amazed, frightened and angry). Also useful for PSHE activities to help develop emotional intelligence. Size: 20 cm diameter.
